NEW PIPE ORGAN DEDICATED SUNDAY.

The handsome new pipe organ recently installed in the First Methodist church in this city, was dedicated with appropriate ceremonies Sunday morning. On this occasion, Prof. Ryan, of Nashville, officiated, and he demonstrated the capacity of this beautiful instrument. He is an artist of unusual ability, and has been organist in a Nashville church for the past twelve years.

At the night services a musical program was rendered by Prof. Ryan, interspersed with solos, etc., by the choir of the church. Good crowds were presented at both services.

Roy McKinney and wife, Mr. Elliott and Misses Cornie Grundy and Harrison, of Paducah, spent Sunday with Mrs. Florence Faris.

Dr. L. C. Moss spent a few days at No. 9 lake this week.

SUGAR IS SCARCE AND SALES LIMITED.

Hickman grocery jobbers were advised a few days ago by the Meirath Brokerage Company, of Chicago, which markets the output of the beet sugar manufacturers of California, Utah, Colorado, Idaho, Ohio and Michigan, that a sugar scarcity is general in the United States, due to the car shortage.

The brokerage company expressed a belief that the scarcity will become more serious before the situation begins to improve. This was unwelcome news for the jobbers, who have been pushed severely recently to supply their trade, even partially.

Beginning Oct. 1, firms rely upon beet sugar manufacturers to supply them with "sweetener." It is understood that the supply of cane sugar at New Orleans and of beet sugar in the beet producing states is ample, but that freight cars cannot be obtained in a sufficient quantities to transport the sugar.

Many retail grocers have begun to limit the sale of sugar to a single customer. Some stores will not sell more than 50 cents worth and others have put the limit at 25c worth.

O. B. Usher, F. T. Randle, D. B. Wilson, Sabe Choate, Julian Choate, Joe Polhamus and others attended the big Democratic speaking at Mayfield Monday. They say there was an enormous crowd there, fully 8,000 people in the warehouse where the speaking was held. Senator James began his Kentucky speaking there, and will speak in every congressional district before the election.

There's a certain ad in the paper this week which we think will save you several dollars if you will read and take advantage of what it offers. But it is up to you to hunt it up and dig it out. We have handed you the hint.

Groceries at Bettsworth's.

Barkley Will Speak Here Tuesday Night

Congressman A. W. Barkley is doing some effective work in this district. He is speaking something like twice a day all the time and he says he has never had such large and attentive audiences out to hear him since he entered the political arena. He spoke Friday at Arlington to a large crowd. He will speak at the Court House next Tuesday night. Ladies especially invited.

CONGRESSMAN HARRISON PREACHED DEMOCRACY.

Hon. Pat. Harrison, one of Mississippi's able young congressmen addressed the voters here last Thursday night with a line of good, old time Democratic doctrines, which was enjoyed by Democrats, appreciated by Republicans and Independents. He presented the administration's view of the labor question, the tariff, the Mexican policy, foreign relations, etc., in a most able and convincing manner. He brought out Mr. Hughes' record as Governor of New York, which is certainly inconsistent with what he is preaching today. Candidate Hughes, when governor of New York, vetoed the two cent railroad bill and opposed the income tax, which makes the rich bear their proportional part of the burden of taxation. He has always arrayed himself against the common people and pandered to the rich, and is now receiving his pay in heavy campaign contributions from swollen fortunes. Harrison called attention to the fact that Mr. Hughes is now advocating an eight-hour work day, but he opposes the law recently enacted for that purpose by the Democrats (because the Democrats passed it) and further that 71 Republicans in congress voted for the act and only fifty-four opposed it. He said the Mexican situation was rotten when the Democrats came into power; if the Republicans believed in a different policy, they had the opportunity to do something while William Howard Taft was at the bat—and didn't do it. Of course the Democrats have had to deal with the European war situation exclusively, and it does seem, in view of the fact that peace has been maintained through some trying times, that Pres. Wilson should be given credit for a patriotic and non-political effort in keeping this country out of war. Certainly, no American citizen wants to see this country involved in the world war—regardless of his political affiliations—but Col. Roosevelt frankly admitted that he would have jumped right on Germany when the Lusitania was torpedoed if he had been president, etc.

Mr. Harrison analyzed all the principal issues, and was repeatedly encochored.

The speaking occurred at the Moose Club Rooms and these were packed and jammed. County Judge Stahr, with his usual eloquence and well chosen remarks, introduced the speaker.

THE MEXICAN PROBLEM INHERITED FROM G. O. P.

The Republican campaigners, from the fault-finding Hughes down to the humblest cross-roads statesmen, have nothing to say of the Mexican Problem save during Wilson's administration. They carefully ignore everything before March 4, 1913, and one short, non-committal sentence covers all they dare say of the future if Hughes is elected.

They never mention the humiliating incident of the American citizen taking out a certificate of registration from the British consulate at the City of Mexico to secure protection of his property. But this happened when Roosevelt, the Doughty, was president in 1908.

They never refer to the letter President Taft in 1911 wrote to the governor of Arizona, who had telegraphed him that unless the government acted the people of Douglass, Ariz., would have to vacate the town: "I cannot order the troops to pass the border, but must ask you and the local authorities, in case the danger occurs again, to direct the people of Douglass to place themselves where bullets cannot reach them."

If one finds cowardice in dealing patiently with Mexico, can he find anything more cowardly than this?

Hugh Fethe who is working for Dadds Wagon Works, of Clarksdale, Miss., has returned home to spend two weeks with his mother, Mrs. Gertrude Fethe, and family.

James Koeger and wife and Dr. Vernon Blythe, wife and baby, of Paducah, spent Sunday and Monday with R. M. Isler and wife.

Mrs. Arthur Hale left Sunday for Osceola, Ark., to attend the bedside of her mother who is very ill.

Mrs. A. Reeves returned home Monday after a visit to Mrs. Florence Faris and family.

Mrs. Ida DeBow left Tuesday for Memphis to visit her daughter, Mrs. Will Helm.

LEVEE WORK PROGRESSING. A BOOM TO WEST END.

The Dixie Contracting Co. is going right ahead with the building of the levee protecting the west end of town from periodical over-flows from the Mississippi. Two work trains with full crews are now on the job, and with continued favorable weather, the work will likely be completed right on time. The best day's work ever done by the citizens of the west end was when they signed up for the contribution necessary to get this levee built. Already property values have received a stimulus and renewed interest is being taken in the up-building of that end of town, which without a levee, was destined to go to the bow-wows. According to specifications, this levee is to be considerably above the government standard, therefore no uneasiness should be felt regarding security behind it when completed. The new levee will be a dandy; and the Mengel Box Co. is just about ready to start on the enlargement work on the old levee in the Mengel Yards, which forms a link in the system now under construction. The crest of the levee will be about eight feet higher than the railroad track when finished.

A petition in bankruptcy was filed by George Lambert, dry goods merchant in Union City, Friday. He was represented by Attorney George Gibbs, who estimated that the stock would pay about 30 cents on the dollar. Mr. Lambert's largest creditor is his brother, Hugh S. Lambert, of Memphis.

John E. Nelson, a painter employed in the Dadds Wagon Works at Clarksdale, Miss., is in Hickman on business this week. His wife will probably return with him.

Mesdames D. B. Wilson, Emma McKeel and F. T. Randle returned Sunday from St. Louis after a few days stay.

The insurance office of Helm & Helm was moved to the second story of the new Hickman Bank building Monday.

C. B. Parrish was called to Paducah Monday for a conference with managers of the Cumberland Co.

Rev. W. S. Roney, of Campbell, Mo., is visiting his son, Judge J. W. Roney, and family.

Infants' Educators

THE HUMAN foot should be allowed to grow naturally. To shape it to the changing fashion is to force the soft, pliable, growing bones, cords and muscles into unnatural and deformed shapes.

The foot thus pinched from its natural shape is often a source of suffering in later life. These pictures show the right and wrong way of shoeing the infant's foot.

Flexibility, lightness, and wear are provided by specially selected soles. Soft pliable leather, that readily yields to every movement of the tender foot, is selected for the uppers of the Infant's EDUCATOR.

The very smallest ones, intended for two-year old babes are called FIRST STEPS.

Children's Educators

EDUCATOR SHOES for children are designed to be the best wearing shoes possible to produce by the most progressive shoemaking methods.

EDUCATORS cost a few cents more than ordinary child's shoes, but these few cents are in the shoes and mean double service and much longer wear. The price is low considering the quality.

The Goodyear Welt sole fastening on Educators insures flexibility and comfort. The uppers are carefully selected from high grade stock, and the inner soles are smooth and soft to the child's feet.

Boys' Educators

THE HARD service which an active boy gives his shoes is too well known to require comment.

The Boys' and Little Men's EDUCATORS are fastened by a short stitch in channel, warranted not to rip or peel. The shoes are strong without being clumsy, and must be seen and worn to be properly appreciated.

If you would have your child thank you for perfect feet in later

life try these nature-shape EDUCATORS.

THE HICKMAN COURIER

\$1.25

ON AND AFTER NOV. 1

On and after November 1, 1916, the subscription price of The Hickman Courier will be \$1.25 a year—six months for 65c—three months for 35c.

We are compelled to charge 25c more on the year on account of the extra-ordinary advance in the price of paper, ink, type, etc. While we regret very much to make any change in our established, popular price of one dollar a year, still we are forced to do so.

Most country papers are advancing the rate to \$1.50 per year (and even at that price they will make less money than at \$1 before the war), and are cutting down the number of pages, but the Courier prefers to keep the paper up to the present standard and stand a part of the loss by charging only \$1.25. No paper under the sun can, under the present circumstances, mail out 50 copies of the paper, with an average of 12 pages each at even \$1.25 and make a cent on subscription; it is merely a matter of trying to make subscription pay its own way. Every intelligent reader knows that the money in the newspaper business is made on advertising and job work. By careful calculation, we find that from Sept. 1, 1915, to Sept. 1, 1916, it cost us \$1.1434 to send you the Courier during the year—and two heavy advances in paper have occurred in the past three months, which will make the cost for the coming year about \$1.25.

All subscriptions paid before November 1 will be accepted at the old dollar a year rate; thus giving our readers due notice and a chance to save the extra 25c if they choose to do so.

We can make no promise as to how long the \$1.25 rate will be effective—as we do not know when the price of paper will decline. It is now 250 per cent higher than in 1914, and ink and type have also advanced 200 per cent.

For two years we have held our rate down—even though losing money—hoping that the paper market had reached its limit. On the contrary, our next shipment will cost \$20.00 a ton more.

Our readers will certainly grasp the situation and appreciate our predicament, which is unavoidable. We must either get more for our paper or quit business. The 25c extra you will pay will not go into our pockets, but to the paper trust, but we are unable to help it.

Kindly remember that the new rate will be effective Wednesday, November 1st, 1916.

Very respectfully,

BEST COTTON MARKET.

In former years, when the Hickman cotton market happened to drop under quotations at other nearby points, the Courier has made mention of the fact. Now, that the Hickman ginners are leading the whole country in the prices paid for seed cotton, we desire to pass the good news along. In past instances we've seen cotton hauled to other towns because the grower made a big day's wages by the haul. He could not be blamed for doing so. For the same reason, cotton is now coming from the other fellow's territory to Hickman—and the day required to make the trip to Hickman makes the grower more money than any day spent in connection with the crop. Hickman gins are now ginning cotton grown in three different States. If you want the most for your cotton, bring it to Hickman.

GROWING NEED FOR TRAFFIC REGULATIONS.

Now that Hickman streets have been improved and the autoist is tempted to "speed up," thereby endangering life and limb at street crossings, no better time could be found to establish a set of rules for driving. It so happens that there is no system of turning corners, and in many instances the speed limit is wantonly violated. A "traffic cop" stationed at the intersection of some of the most traveled streets for a day or so, assisted by "keep to the right" semaphores, would soon remedy the present evil. Failure to do this will ultimately result in a smash-up and probably loss of life.

OIL DISCOVERED IN VICINITY OF CAIRO.

Ulin, Ills., a small town near Cairo, is in the throes of more excitement now than has occurred in the little town since it was named, following the announcement last Friday that traces of oil had been discovered in the well of the Ulin Oil and Gas Company, a mile and a quarter south of the Village. The chief driller who has been in charge of the boring operations there since it was started several months ago said that oil has been struck at 1913 feet. The company's contract expired at 2000 feet.

About the point of the drill is a quantity of water. A six inch metal casing with which to enclose the point and drain off the water has been ordered.

According to Cashier Hemmingsway of the Ulin Bank, one of the principal stockholders of the company, which was organized last February, the water must be drained off before the extent of the deposit of oil can be determined.

He declared that should additional evidence of the presence of oil be discovered then the well will probably be shot in an effort to open up the lead.

If your subscription to the Courier is about due, better pay now and save the extra 25c, which will be charged after the first of the coming month. However, if you are paid in advance and wish to extend the time still further, you can do so at the \$1 a year rate by sending in the renewal this month.

A MILITANT TOUCH

This frock and hat are examples of the effect produced by a few innovations along military lines. The hat is suggestive of a hussar's, carried to an extreme. The long lines of the coat, which is of light-toned biscuit-colored broadcloth, cannot be anything if not soldier-like. The cross bands at the waist and the button-hole bands might easily have been taken from the uniform of the West Pointer. The collar, wide skirt bands, and cuffs are of Hudson seal.

New Models Show Some Changes Though Designers Have Not Put Out Anything Extreme.

Plaited skirts showing panels of plait at front and back or at the sides accomplish the required flare without unduly bulk. This type of skirt promises well, especially the box pleated variety which will be in vogue this fall. Now there is a new skirt which interests rather than pleases. It is barrel shaped and encircled with many bands, which give it the resemblance which occasions the name.

This is slightly different from the skirt with a flare at the bottom and the wired hip. Another trimmed skirt is called the lamp shade. It consists of alternate layers of ruffled puffs thinly wired and wider puffs of net or chiffon. The whole resembles most accurately the silk lamp shade of days before the arts and crafts era. In the same line of pretty summer frocks are costumes made of cotton voile or organdy, trimmed with lovely girlish of silk and ribbon. Wide ribbons swathe the waistline and are sometimes used to make pautiers. Sometimes two colors are twisted to form the girdle and end of a sash, while a third color is used for the knot.

DONE IN APPLIQUE WORK

Tea Cosey in a Design That Is Both Effective and Original Shown in the Sketch.

An effective and very original cosy is shown in the accompanying sketch. It is carried out in cream-colored silk, and the bands are finished with small pieces of material of various colors sewn in their places in applique work.

The suits are made of brown silk, and diagrams A and B show the shapes in which they should be cut out.

The side of the coat is represented with black silk, and diagram C shows the shape of the piece that will be required.

quired. Diagram D gives the shape of the material for the skirt of the coat, and for this gray silk is used. The reflections of the bands in the water are worked with silk of various shades of blue, and the seagulls are indicated with gray silk. The masts of the boats are worked with dark brown silk and the little flags with scarlet.

The cosy is edged with blue and white silk cord, which is arranged in three little loops in the center at the top.

With the exercise of a little ingenuity some very quaint and pretty cosies of other designs can be prepared in the manner described.

\$5,000,000 WANTED FOR BIG RELIEF FUND.

The greatest American relief fund campaign to be undertaken since organization of the Belgian Relief Commission, has been launched by the American Committee for Armenian and Syrian Relief. An exhaustive summary of the whole Armenian and Syrian situation was made public and will be sent to ministers of 122,000 churches all over the country and to many leading citizens and relief organizations. A fund of \$5,000,000 is called for to relieve 1,000,000 destitute exiled and starving Armenians and Syrians scattered broadcast over Turkey, Persia, Syria and Palestine. The appeal declares that of nearly 2,000,000 Armenians, originally in their native country, 750,000 have been massacred or have died of wounds, disease or exhaustion since the war began.

"People were found eating grass, herbs and locusts," says the committee, in describing its investigation of conditions in Syria, "and in desperate cases, dead animals and human bodies are reported to have been eaten. In some cases, men were lined up so that several could be shot with one bullet in order not to waste ammunition. A mother said not a girl above 12 (and some younger) in the village of escaped violation. The people kill and eat the street dogs. A short time ago they killed and ate a dying man."

Saturday and Sunday of this week have been set apart for donations in every church in the United States for this big relief fund. Friday is a day for fasting for all Syrians and Armenians in this country.

IS IT "JUST A COLD?"

Hickman People Should Ask Themselves This Question.

Don't say: "It's just a cold." It may turn into backache, rheumatic aches, achy joints. Or other serious sickness that comes from weak kidneys.

Colds are due to congestion. Congestion makes the kidneys over-work to filter the blood. Colds often leave the kidneys weak.

First break the cold; Then use Doan's Kidney Pills to avert the kidney dangers.

Let this Hickman resident tell you about them.

Mrs. R. Graves, Hickman, says: "I use Doan's Kidney Pills, procured at Helm & Ellison's Drug Store, when a cold affects my kidneys. They cure the attacks. You may continue publishing the endorsement I have given them before."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Graves had. Foster-Milburn Co., Props., Buffalo, N. Y. Advt.

Arrival home from Germany was preceded by rumors of peace, together with threats of further ruthless U boat warfare. Fighting centered around the Balkans, Roumania endeavoring to hold the "Iron Gate" of the Danube. It is claimed that Scott's phenomenal playing, also the superior judgment of Manager Carrigan, were elements which made the Boston rooters confident of victory throughout the world's series. The bringing again of Hughes to Kentucky and the injection of the fiery Roosevelt into the campaign here shows that the Republican leaders still have hopes of carrying the old Commonwealth by appeals to passion and enuidity, by abuse of Wilson and the Democratic party and with the tainted money that Wall Street is supplying so lavishly. They are reckoning in vain, however. The Democrats are on to their game and every man intends to do his duty, which spells Republican defeat, labor loss and money wasted.

HUSBAND RESCUED DESPAIRING WIFE

After Four Years of Discouraging Conditions, Mrs. Bullock Gave Up in Despair. Husband Came to Rescue.

Catons, Ky.—In an interesting letter from this place, Mrs. Bettie Bullock writes as follows: "I suffered for four years, with womanly troubles, and during this time, I could only sit up for a little while, and could not walk anywhere at all. At times, I would have severe pains in my left side.

The doctor was called in, and his treatment relieved me for a while, but I was soon confined to my bed again. After that, nothing seemed to do me any good. I had gotten so weak I could not stand, and I gave up in despair.

At last, my husband got me a bottle of Cardui, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me. I can now walk two miles without its tiring me, and am doing my work."

If you are all run down from womanly troubles, don't give up in despair. Try Cardui, the woman's tonic. It has helped more than a million women, in its 50 years of wonderful success, and should surely help you, too. Your druggist has sold Cardui for years. He knows what it will do. Ask him. He will recommend it. Begin taking Cardui today.

Write to: Chattanooga Medicine Co., Largest Druggists, Chattanooga, Tenn. We will send you our free and 64-page book, "What Women Should Know About Their Bodies," and a 10-cent sample bottle of Cardui.

The National Committee has set apart October 28th as Wilson day, as a culmination of the nation wide canvass of the country for the people to show their appreciation of the great public service that the greatest of presidents has rendered the country. Every city, town and hamlet will celebrate the day, when a message will be read from President Wilson by some prominent person appointed locally for the purpose, which will proclaim the New Freedom and the emancipation of the country from the domination of Wall Street and the selfish interests. Business houses, residences, homes and other buildings will display the flag and other bunting. It is going to be a great day and a fitting forerunner of the glorious triumph of Democracy ten days later. Let everybody celebrate Wilson Day and register his approval of the many splendid achievements of the consecrated man in the White House, all great, but none greater than that he has kept the country out of war with honor and credit.

PROPOSE TO PUT COUNTY ON CASH BASIS.

Elsewhere in this issue will be found a notice by the Fiscal Court of Fulton County, of a plan to take up the deficit which confronts the county this fall. The shortage, which has been accumulating for the past several years from no cause of bad management or otherwise, amounts to \$25,000, and it is the plan of the court to issue interest bearing warrants of \$1,000 each, and have designated Nov. 22, 1916, as the date on which bids will be received for this issue, which will bear six per cent interest. The plan is a mighty good one for many reasons. One of them is that the total issue will probably be taken by one party, and as there are numbers of investors this year it is more than likely that a good premium can be secured in this manner. Another reason, the court believes that hereafter, all work can be paid for in cash at the time the warrant is issued, eliminating the "note chaser" and in this way those working for the county will do better work at a lower price, as the custom in many cases now is to charge a little more, knowing that their claim will have to be discounted in order to get the ready money. The plan is a good one and an order was made at the last term of Fiscal Court providing for it, after careful deliberation by the magistrates. It is the intention of the court to pay them off in five years, from a sinking fund which is provided out of the regular tax levy.

The Democratic Campaign Committee made no mistake when they added to their speaking program the musical features. The male quartette composed of Leibovitz, Engle, Owen and Roney have been on the job each night and have added much to the entertainment of the large crowds which have greeted the speakers and singers at each appointment. One of the many features of the musical program is a mandolin and a cigar box duet by Messrs. Leibovitz and Engle. Last Tuesday night while returning from appointment at Fairview these gentlemen were rendering on the highway as they sped homeward in their car, melodies which evidently possessed charms which would not only soothe the savage beast but the animals of the woods for it was with considerable difficulty the driver of the car made his way home on account of the many o'possums which stormed their car and held to the running boards, fenders and radiator until the car was forced to stop. What the result would have been can only be conjectured had not Sheriff Huddleston and Deputy Thomas arrived on the scene and beaten the animals away. Judge Stahl says this feature of the program will be continued throughout the campaign.

TWO NEGROES LYNCHED IN PADUCAH MONDAY.

Lynched and then the body burned was the fate of Brack Kenley, a negro brute from Murray, who assaulted Mrs. Etta Rose, wife of George D. Rose, on the Pool road, south of Paducah, last Friday morning. It was high noon Monday when the negro, with rope tied around his neck, was lifted from the earth to dangle until his life was snuffed out. A mob of fully 5,000 determined people had congregated by the time the men were preparing to mete out justice and make him pay the penalty for his crime.

Another negro was given the same kind of punishment as Kenley, for his conduct of having drawn a gun or spoke abruptly about what the mob was preparing to do. In other words, he got too gay at a time when the feeling of the people was not in a condition to stand for it. He was taken along with Kenley and swung to a limb. The lynching occurred about three miles south of the city on the Pool road at high noon.

The black brute was arrested Monday morning at 2:30 o'clock on South tenth street by Policemen Vick and Bryant. He was lodged in jail, where he remained until a party of men several hundred strong stormed the jail and got custody of the prisoner. The keys to their cells could not be found and a foundryman was called in to cut the steel cage. They took the negro immediately to the home of his victim, Mrs. Rose, and she quickly identified the negro as the one who had assaulted and outraged her last Friday morning at her home. The negro was made to pay the penalty a short distance from where the horrible and revolting deed was committed. Kenley was arrested while hiding in a negro woman's house on South Tenth street.

The entire city of Paducah has been in a nervous state since the assault was committed and nothing had been left undone to locate the man guilty of such a

fiendish crime. The citizens were determined that the negro should be captured and a quick example would be made of him. The husband of the outraged woman is an employee of the Illinois Central shops and the hundreds of men who are employed there have been doing all in their power to apprehend the brute. As soon as they received news of the negro's capture, the men dropped their working tools and went to the county jail where they succeeded in getting hold of the negro. This sealed the fate of Kenley, for with vengeance in every man, they lost no time in dealing out just what the negro deserved.

Thousands of people have visited the scene of the double hanging and burning Monday afternoon, but excitement that has prevailed since last Friday is dying down since punishment has been given the negro. Mrs. Rose's condition has so improved that Saturday she was removed to her home from Riverside hospital, where she was carried after the assault. Her condition is not serious.

Word was received from the sheriff of New Madrid county Saturday that "Cornbread," the negro who killed Henry Johnson at a levee camp at Pt. Pleasant in that county on the night of Dec. 24, 1914, had been arrested in Ohio, and that he had admitted the deed. It is not known definitely, however, that this negro is the one wanted. There was a good reward offered for this negro at the time of the killing, and at one time the officers were within one hour of catching him at Greenville, Miss., but he escaped by crossing the river at that place.

In raiding the house of a suspected bootlegger Saturday night in West Hickman, Policeman Joe Wall and Tom Moore had a pretty lively tussle with Clint Walker, negro, when they attempted to search him when he came out of the house. Wall suffered a broken hand when he was hit with a club by the negro. Walker was arrested and placed in jail.

GOOD THINGS.

To make ripe olives more delicious soak them over night in olive oil in which has been placed a small clove of garlic.

Beet Salad.—Cut in small pieces six cooked beets, the same quantity of cold potatoes and celery. Mix the yolks of five hard-cooked eggs, with two tablespoonfuls of anchovy sauce; then press through a sieve and add very gradually six tablespoonfuls of olive oil, two of vinegar, one tablespoonful of made mustard, one-fourth of a teaspoonful of salt, a few dashes of pepper and the whites of the eggs, cut in rings. Mix well and serve cold.

Corn Salad.—Allow half as much each of chopped celery and walnut meats as of grated cooked corn; season with salt, pepper and one finely chopped onion. Mix with a good bottled dressing to which whipped cream has been added.

Supper Dish.—Place eggs in a granite pie plate and sprinkle generously with cheese and bread crumbs, with salt and pepper to taste. Place in the oven and bake until the eggs are set. A little cream put into the pan before the eggs are broken into it is an improvement.

Cafe Parfait.—Take a cupful of strong coffee infusion, add two egg yolks beaten, one-half cupful of sugar and cook in a double boiler until thick. Beat a pint of cream until thick; add to the coffee mixture when cool; pour into a mold and let stand in ice and salt three hours. Unmold and serve.

Buttermilk Cake.—Take two cupfuls of buttermilk, one-half cupful of brown sugar, one teaspoonful of baking powder, one teaspoonful of soda, dissolved in the buttermilk; two-thirds of a cupful of wheat flour, two cupfuls of graham flour, unsifted, and one-half cupful of walnut meats, coarsely broken. Bake one hour. This makes two loaves. The nuts may be omitted and a sour cream and nut frosting may be used to ice the top.

AN APPEAL.

From State Campaign Chairman J. C. Cantrill To The Democrats of Kentucky.

As you are doubtless aware it takes a large amount of money to pay the absolutely legitimate expenses of a campaign. Even the matter of postage is a big item and to prepare the campaign matter and mail it to the voters require a small army of stenographers and typewriters. The postage, preparation and stationery of a single letter to every voter in the State costs \$15,000 and all of them will have been written to several times before the election. Besides there are many other expenses that must be met such as office rent, office force expense, traveling expenses for speakers, etc. The Democratic party has no large contributors to rely upon, no Wall Street, no railroad managers. The expenses of the campaign must be met by the people as I will not seek the contribution of a single corporation in the State.

President Wilson, supported by a Democratic Congress, has achieved more in the last three and a half years of control than was ever before achieved in ten times as many years by any administration. Its useless to enumerate the list of splendid laws that have been passed on the statute books which have vitalized the nation. The people owe it to President Wilson and to themselves to retain him in office to continue the good work he is doing.

By filling out the following blank and enclosing amount you desire to donate you will greatly aid the cause of Democracy:

J. C. Cantrill,
Chairman Dem. Campaign Com.
Lock drawer D 2344, Louisville.
I enclose \$
For Democratic Campaign.

Name.....
Address.....
Hickman, Ky.....
Enclose this blank with contribution.

Contributions may be sent to the Hickman Courier or direct to Mr. Cantrill.

The poor man's prescription gets the same care and attention as the rich ones at Hickman Drug Co.

Three or four new cases of scarlet fever have been reported this week and the health officers have deemed it best to close down the schools for a short time to prevent a spread of this disease and diphtheria. Stubbs school was closed Monday, Dr. J. M. Hubbard also closed the West Hickman school Monday and the college yesterday. While there is not enough of the disease to close a city school, Dr. Hubbard said sentiment here seemed to demand it. Since the schools are closed, all parents should assist the health officers by keeping their children close at home until they are opened again. It will not do much good to close the schools if the children are allowed to roam the streets and play with other children. Three new cases of scarlet fever have developed this week, one at George Wright's in West Hickman, and two in the Stahr property near Swift's store, also at Will Rice's in the country.

BODIES OF COUPLE
FOUND IN THE WOODS.

Clarley Brown and Elma Cope, the couple who mysteriously disappeared from their home near Benton a week ago, were found dead side by side in the woods near their home Sunday.

Three bullet holes were in the girl's body and one bullet had pierced Brown's heart. The bodies were badly decomposed. A suicide pact is believed to have caused the deaths.

The couple left home a few weeks ago and were caught in Arkansas, brought back to Benton and the young man placed under a bond of \$1,000.

Brown leaves a wife and five children, his wife being a sister of the dead girl. The whole country had been searching for the couple during the past week and their acts had created a wide sensation.

There's no reason why a person should take sickening, salivating calomel when 50 cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel.

Children and grown folks can take Dodson's Liver Tone because it is perfectly harmless.

Calomel is a harmless drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you.

Men who think they can't smoke a pipe or roll a cigarette can smoke and will smoke if they use Prince Albert. And smokers who have not yet given P. A. a try-out certainly have a big surprise and a lot of enjoyment coming their way as soon as they invest in a supply. Prince Albert tobacco will tell its own story!

LEMOLAC, the pleasant substitute for Calomel, doesn't sallow, sicken or weaken.

The people of the United States are asked to contribute a million dollars a month toward feeding the destitute and starving Belgians. If needed, it will be done, of course. But contributions in large chunks should be extracted from those who are piling up millions in wealth from war orders. The poor man has his own mouth to feed.

Dr. A. M. McConnell, of near Union City, died Wednesday of last week, and was buried at Mt. Zion cemetery.

The mossback, gentle reader, is a cross between the fifth century and fifteenth. He is found in fossilized form in nearly every city in the United States and still lives! He raises his rents, detests a boom, loves to have other people bear all the taxes, hates to have a new enterprise, despises anything which snatches of progress and won't help a newspaper boom its own town. There are several varieties of mossback, but none of much use to a town. Of course, we have none of them in Hickman, but we give you the specifications so you will recognize them when you visit towns that are thus infested.

in this manner. The Federal Trade Commission is deeply concerned and alarmed but so far seem powerless to suggest feasible or adequate relief methods. Under existing circumstances few newspapers can continue long without a readjustment. Hundreds of the weaker ones have already gone under and many more are about to suspend.

There is a remedy and it lies in the strictest economy, advancement of rates on job work, advertising and subscription. It matters not how reluctant publishers are to do this, it will have to be done if they continue in business, and continue to be useful to their readers and patrons.

In conclusion, we call on all persons who believe in the mission of a free press to co-operate with us in adjusting our business to these new and unheard of conditions.

SAFETY FIRST.

Calomel! Sickens, Weakens and Often Salivates.

Calomel is not a safe thing to take internally because of its unpleasant after effects. Calomel being made of mercury is an un- any time to salivate you. Its ac- natural remedy and is liable at any time to salivate you. Its ac- tion is so violent and its after effects so injurious that it is be- coming less popular every day. People who believe in "safety first" are taking Lemolac in place of calomel. Lemolac pos- sesses the virtues of calomel without its unpleasant and dan- gerous after effects. Lemolac does not gripe, sicken or weak- en, and being purely vegetable, cannot salivate you.

We believe Lemolac will please you, as it is rapidly becoming the most popular liver medicine on the market, but will refund your money if you are not satisfied with it. — Helm & Ellison's.

In over a million homes they know

At some time every woman has had her coffee problem—"bad coffee, medium coffee, coffee that was never twice the same."

A million women have solved the problem by serving Arbuckles'. Get a package of Arbuckles' Coffee today and see why.

Everyone likes it. Morning after morning a million men praise it for its fine, full flavor. Women depend on it. In all these homes, it helps make breakfast a complete success.

Read what a few of these women say:

"I recommend Arbuckles' Coffee to my friends. I buy it all the time because it is better coffee."—Miss B., Mercer, Ky.

"I use Arbuckles' because it is stronger than 35c coffee, and Arbuckles' packages are full 16 oz."—Mrs. V., Coldwater, Kans.

"I have been using Arbuckles' Coffee for years. I think it is the only coffee fit to drink."—Mrs. A. C. W., Lay, Colo.

"We have used Arbuckles' Coffee for ten years, and have not yet found its superior or equal."—Miss H., Bessemer, Ala.

"The finest cup of coffee I ever tasted!" Like these million other women you can have your husband say this. Isn't that satisfaction worth a little time and effort—wouldn't it be worth while even to make a special trip to the grocery store for a package of that fresh, full flavored coffee a million other men are enjoying?

Have it tomorrow. He will praise it morning after morning. When you serve Arbuckles' you will know why it has solved the coffee problem in over a million homes.

There are hundreds of varieties of coffee grown. To get the result you want, the coffee itself must be right. Arbuckles' Coffee is. It is put up by Arbuckle Bros., the greatest coffee merchants in the world. They can give you greater value in coffee than anyone else. No wonder Arbuckles' is the most popular coffee in America today!

WOODMEN OF THE WORLD ENJOYING PROSPERITY.

Elm Camp No. 3, W. O. W., one of Hickman's biggest fraternal organizations, is experiencing a new growth of membership. So many new applications are coming in that the lodge is forced to meet every Wednesday night to give the new ones a ride on the goat. This order is not only enjoying prosperity in the way of membership, but its finances are in better shape than ever before in its history. J. C. Ellison, clerk, has made it a point to keep the revenues up and expenses down, and by this policy has succeeded in getting the order from under a burden of debt. Besides a nice fund in the hands of the treasurer, the Woodmen own a business lot east of the Courier office that is easily worth \$3,500. This order has for years boasted of having the largest membership of any lodge in the county, and by judicious management, it should become the strongest financially.

SHORTAGE OF COAL A TROUBLESOME MATTER.

Manager Doyle Jurney, of the Kentucky Light & Power Co., has been suffering great mental stress from day to day for the past few weeks on account of the coal shortage—or rather shortage of cars, which makes shipping a difficult matter. This plant burns several tons per day and last Saturday the bin got so low that it was almost necessary to sweep up the dust with a feather duster, but a car reached them in time to prevent a shut-down. On top of the car shortage, a big advance in the price of coal is to be reckoned with. Mr. Jurney is merely getting a taste of what the newspapers have been up against for some time—that is having to pay two prices for a thing and not being able to get it then.

KILLS PAIN

Baby Eva Louise, the infant daughter of Mr. and Mrs. A. D. Williams, was born Aug. 21 and died Oct. 7, of pneumonia. She was laid to rest Sunday at Brownsville, Bro. Lanakin preaching the funeral service. We were not allowed to keep her but such a little while. But long enough to know how still the home is without her. How empty are mother's arms, how father listens for that dear little baby's voice. How all the aching hearts long to see its little bright eyes as it grew and learned every day. But grief laden hearts, we can only live such a life that when our summons comes to join the innumerable caravan, we may go where she has gone. There will be no more sorrows, no more partings or heart aches. Loved ones we know those little bright hands are beckoning for mother, father, and all that loved her so dearly. May her going from us make heaven nearer and dearer and earthly pleasures only such as help us to get ready to meet our little angel.

About half the value will be loaned on desirable property. All or any part of a loan may be paid on any interest paying day, interest being stopped on partial payments made. If you are in need of a farm loan call to see me, or write me a letter and I will call to see you.
